Thank you for contacting the Men On The Moon band! We will work with you ahead of time to make your event a memorable one. To help ensure that things go smoothly please read the information below and complete the form on the next page.

Payment Procedure

We require a 25% deposit returned with the contract. The balance is due prior to the performance on the day of the event. Please make checks payable to Chris Longo and **NOT** to “Men On The Moon. Mail check to:

Chris Longo
2385 Seagull Ave.
Ventura, CA 93003

Travel Fee

Events held more than 50 miles away will incur an additional travel fee and will be included in the contract.

Setup

We will work with you to be as unobtrusive as possible. Our preference is to set up somewhere between 1 and 2 hours before the performance, depending on the size of the event and the distance our equipment must be carried.

Stage Size

We will need a level area at least 20’ wide by 12’ deep. The area should have multiple outlets nearby with sufficient amperage to power the band’s equipment. We will need at least one dedicated 20 amp or two 15 amp circuits, not shared with other devices such as coffeemakers, photo equipment, etc.

Sound System

The band will provide all necessary sound and PA equipment for events up to approximately 400 people. Larger events will require renting additional equipment and the cost will need to be added to the original contract price.

Lights

The band does not provide any stage lighting, using the available lighting of the venue. If stage lighting is requested, there will be an additional fee to cover the rental cost.
